The therapist must have an anti-oppression and social justice oriented practice. BIPOC, trans and gender expansive people, people with intersex conditions, people who have experienced poverty, disabled people, immigrants, people who are bilingual, and LGBTQIA+ people are strongly encouraged to apply.

CCW opened in December 2016 and our mission and values are as follows:

- *To provide necessary equitable, inclusive, and affirming spaces for counseling and education in order to address the gap in mental health care within LGBTQIA+ communities.*
- *We value integrity, humility, connection, learning and growth, social justice, and efficiency of service.*

Clintonville Counseling and Wellness is a mental health and wellness practice located at 5354 N. High St. in Clintonville. CCW provides individual, couples, family, and group counseling. In addition to clinical services, we offer a robust continued education program through our Affirmative Care Academy, offering training for the community, with opportunities for employees to teach and learn. Clinical supervision is provided onsite for all LPC/LSW therapists.

We are searching for a full time (minimum 20 clients per week) or part time (12 to 19 clients per week) clinician. Full time independently licensed clinicians currently earn 60% of all money received and all other clinicians earn 50% of all money received. Current benefits for all full time employees include health, dental, and vision insurance, a Simple IRA, flexible scheduling, onsite supervision toward licensure, and 30+ hours of free CEs per year. There are opportunities to participate in our Training and Outreach program, Anti-Racism Committee, and Internship Committee. New ideas for committees, programs, groups, and projects are always welcome. Position begins August 2022.
